

Upgraded from 8.1.5 to 8.2.2

✱ 8.3 is coming out by end of 2012 ~ need to use SQL server. ~ they will contact us when 8.3 is available & help us convert

Upgraded from MLH Computer. Can not be uninstalled from MLH Computer or it will mess everyone else up.

✱ Needs to be upgraded to server once Style Advisor figures out what went wrong.
