**Subject:** WI Energy Jobs and Thanks  
**Attachments:** Energy & Env Conf in Las Vegas Sept 25.pdf; WI Supreme Court Justice Prosser Letter.pdf; Paul.Behling.05.19.11.doc

Scott,

Thank You for getting the nice 8x10 picture signed at the Milwaukee Fund Raiser by Governor Walker for my wife Sandy and I in front of the State Capitol. It is hung in our Family Room!

\*We spoke about my work with the ASQ Energy Council regarding my desire to help create the opportunity and climate for more jobs in WI - I wanted to follow up with a couple items:

1. We need more National Energy Conference Speakers - examples: State of WI Energy, Suncor, Canadian Oil Sands, Koch Industries .... I am on the Council and speaking on Emergency Preparedness / Disaster Recovery Tools, but we are looking for more speakers for the Quality Institute ASQ September 25th Conference in Las Vegas, NV. Pass on my email or cell# [REDACTED] if people have any questions. I would like to work towards attracting large corporations to work in WI and my Energy Council has been a nice way to communicate the benefits of WI.

2. I am looking to work in the Public or the Private sector to help the State of Wisconsin economy for the current and next generation. Feel free to pass my information or name on to other people if appropriate. I can meet with people around the State of Wisconsin due to my job taking me to the Power / Nuclear Plants and Pipeline / Utility Projects. Although I work out of state, most of my time is spent in Wisconsin and the U.P. / Boundary Waters.

3. I will be meeting a few people this weekend at the GOP Convention in Wisconsin Dells, let me know if I can touch base with anyone or if you will be there and wish to talk further.

\* I look forward to speaking again and would like to set up a sit down meeting or phone conversation when time permits to see if you want to discuss my letter or have any suggestions for corporations or contacts that I might speak with about bringing jobs to WI or speakers for the Energy Conference.

Thank You once again,

Paul Behling  
[REDACTED]  
[REDACTED]

Cell# [REDACTED]

Note: Justice Prosser sent a letter to me and I thought you may wish to forward if appropriate. I needed to get very creative with diverse State and National organizations to help his campaign due to being financially capped at \$300,000 and it was a non-partisan race without the benefit of normal political party help which was very different than working with Governor Walker's Team. Justice Prosser is an experienced Justice on our Supreme Court and a pleasure to work with.

JUSTICE DAVID T. PROSSER, JR.

MAY 6, 2011

Mr. Paul Behling

Dear Paul:

As we near the end – I hope – of an extraordinary and historic campaign, I want to thank you sincerely for your pivotal role in my re-election on April 5.

Our improbable victory that day would not have been possible without the exceptional commitment of literally hundreds and hundreds of people across Wisconsin. Even so, the critical importance of Waukesha County to the success of the whole enterprise cannot be overstated.

As my Waukesha County Coordinator, you performed brilliantly, and your leadership helped to assure the participation of more than 200 volunteers. The many, many telephone calls in Waukesha County, the efforts to spark local enthusiasm, and the coordination you provided with friendly organizations outside the Republican Party were absolutely indispensable.

Thank you very much, Paul, for all that you and Sandy did to help me when help was so vital. I will not soon forget your contributions and hope you will let me know if I can ever try to return the favor to you.

With warmest regards,

Respectfully,

David T. Prosser, Jr.  
Justice

[REDACTED] (cell)

[REDACTED] and [REDACTED]

I want to use my 19 years of professional experience to help the state of Wisconsin (WI) become a vibrant and healthy economy with a strong infrastructure that will allow my children and their grandparents to stay and enjoy their future here in WI.

WI can use our expert base of knowledge that already exists to build a foundation for our current and next generation with proven, viable, economical, and environmentally sound solutions for Wisconsin commerce! I have worked well with both Non-Union and Union solutions. Here is a list of results I would appreciate working on for the State of WI:

1. Educate the benefits of Ending WI Nuclear Moratorium
2. Implement solutions for mandates holding back WI Business and job growth
3. Increase WI Refinery sites and help simplify quantity of gasoline mixtures
4. Coordinate examples for WI energy and water providers to reduce rates
5. Promote WI Great Lakes and WI owned land for Commerce

I help architect and implement solutions that require identification, selling project value and coordinating diverse resources towards measured results. I have spent 10 years in enterprise corporate technology / security solutions and just under 9 years with infrastructure, energy and utility product solutions. I am comfortable working in large or small enterprises and working with diverse skill sets such as global network engineers, government staff, fleet directors, utility executives, nuclear scientists, military and emergency services. Due to Federal, State, Military and Energy contracts, I have been through various levels of security and non-disclosure including random drug testing since 1991 - current.

I coordinate resources while helping to sell and implement solutions in a manner that encourages results towards a shared vision or plan. I appreciate measured results, documentation and tracking progress through accountability reports. I expect results regardless of what position or role I am playing on the team.

18 months ago I set some goals:

1. Help Elect Governor Walker and a new Republican led WI Assembly and Senate to legislate with financial common sense. \*Note - I added Re-Electing Justice David Prosser to the WI Supreme Court & helped Coordinate support.
2. Help WI identify and implement quality long term state infrastructure and commerce for the current and next generation.

## NEXT STEPS

\*Thank You for your time and attention reading why I want to work towards helping the State of WI and how I might be able to serve and support our state in the future!

I would like to interview for a position as soon as possible and start working when appropriate. I can help Wisconsin move forward for our current and next generation. You are welcome to follow up on my security or job performance. I will give you my Social Security number if appropriate in order to assist you. Although my current employer understands my interest in the State of WI, I ask that you not contact my current employer until I speak with them directly.

Sincerely,

Paul M. Behling  
(Cell) [REDACTED]

## Education

High School – Milwaukee Lutheran High School, Milwaukee, WI 1981 – 1985

College - UW – Oshkosh, 1985 – 1988 (Scholarship through J.A.)  
• Worked two summers for Southwestern Co in NY

Fall 1989 – Spring 1990 – Traveled Europe and worked

UW – Milwaukee, Summer 1990 – Spring 1991  
Graduated in Spring 1991 with BA in Business Communications

## Work History

1991-2001 CompUSA Corporate / Entex Information - CompuCom / IBM

Feb 2001 – Dec 2001 MasterLink Co

Jan 2002 – Current DACCO Inc of WI

## Associations / Boards

ASQ Energy & Environmental Council Member  
Waukesha GOP

Re-Elect WI Supreme Court Justice Prosser – Waukesha County Coordinator

Subject: Re: Comments for "group"

I will share some thoughts I've exchanged with a few others over the last day or so.

David Prosser is in trouble.

And if we lose him, the Walker agenda is toast, as could be the Senate GOP majority and any successes creating a new redistricted map. That's not hyperbole, we need only to look at the last 5 weeks to see the left will stop at nothing. Law be damned.

The other side has a more focused message that is resonating. Has more money. Has a better organized, more motivated and larger grassroots.

The Obama team is making the investment in time, money and people here now because they understand that defeating David Prosser is a key component to Obama's chances in 2012 here. And as we know, Obama likely can't be reelected if he loses Wisconsin.

My fear is that our side is, generally, reluctant to admit: A) How bad things are now B) How important the race is C) How bad things will be if David loses.

Will the national folks at the RNC and elsewhere, with RPW and the Walker team, work to activate a ground game to get Conservative and GOP voters out on April 5th?

Without that, our discussions regarding legal strategy, new bill vs. old bill, good cop bad cop, etc... all moot.

Has anyone had conversations with Reince? DNC and OFA are fully engaged here. Any plans for a similar commitment from the RNC?

(Note: Combined, my two emails are STILL shorter than the Welch Manifesto)

To Scott's "send lawyers guns and money" point: we need to have a clear immediate message of "to whom" and "how" and "how much."

People need to know right away how to help be it via volunteering their time or raising money. Who does it go to? Are there any limits? "What can we do to help?" etc.

>>

Not to sound like Eric, but we really need a war room meeting TODAY, with Administration, RNC, state party, RJ, lawyers, interest allies, etc. to make sure we are on task. We nearly lost this race by being slower on the uptake than the left. We could lose the recount the same way.

I was at the Prosser party all night. I have spoken with Brian N. about the need for Prosser to declare victory now if not first thing in the morning. He needs to be on talk radio in the morning saying he is confident he won and talk radio needs to scream the Dems are trying to steal the race. The AG needs to step up and say he is working to protect the integrity of the election results. For those who have done a statewide recount, this will be a roller coaster ride over the next two to three weeks. The statewide canvass will probably take until Monday and it will differ by hundreds of votes from tonight's results. This is why we need to declare victory first so it appears that the results are being overturned if they go the wrong way. The RNC and RPW need to recruit hundreds of volunteers to oversee the recount. As the old Warren Zevon song goes "Send Lawyers, Guns and Money...."

Karl,

Good talking with you this afternoon.

Had a good discussion with about 25 people tonight about our recall elections and our message. It will be tough but we can (and will) hold our majority in the state Senate.

After our meeting, I had a good chat with RJ. Because of his financial position, he is not taking a cut of the funds being used for Club for Growth - Wisconsin.

Kate Donor is getting paid to help us organize fund-raising in other states but the operations do not include staff or an office or other overhead.

RJ was the chief advisor to my campaign (I always called him my Karl Rove and Keith Gilkes was Ken Mehlman). He put together the team to flip the Senate three times and the Assembly two times.

He ran the effort that defeated the first incumbent Supreme Court Justice in decades back in 2008 and Club for Growth - Wisconsin was the key to retaining Justice Prosser.

Bottom-line: RJ helps us keep in place a team that is wildly successful in Wisconsin. We are running 9 recall elections and it will be like running 9 Congressional markets in every market in the state (and Twin Cities).

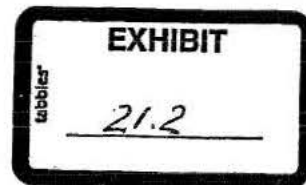

I spoke with Bob Rowling today and we are going to meet next Thursday I'm calling Bob Perry in the morning (Rowling, Phil Gramm and Rick Perry all told me to call). I'm sure they will ask you about our efforts.

As mentioned, any and all help would be great (i.e. email list, names to call, million or two from American Crossroads).

I appreciate your interest and look forward to reading your column in the WSJ tomorrow.

Thanks,

Scott
